## Оборудование для электрофореза с ацетатом целлюлозы

### Horizontal Unit for Cellulose Acetate Electrophoresis

SKU: CSL-CELLAS

The ideal tank for standard membrane and gel cellulose acetate techniques, the Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane to a maximum 20cm.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### **Mini Horizontal Unit for Cellulose Acetate Electrophoresis**

SKU: **CSL-CELLASMINI**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### **Flatbed Scanner for TurboScan software.**

SKU: **CSLSCAN**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard

to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### **TurboScan Software Densitometer (computer and scanner not included)**

SKU: **CSLDENS**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### **Applicator Micro (8 Samples) For Unsupported Membrane**

## SKU: CSL-APPS-U8

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

## Applicator Micro Plus And Holder For Supported Membrane

### SKU: CSL-DROPS-S1

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

## Applicator Semi Micro (4 Samples) For Unsupported Membrane

SKU: **CSL-APPS-U4**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

## Bridge 1 Station For Unsupported Membrane 1 Unit

SKU: **CSL-BDG-U1**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

## Bridge 2 Stations For Supported Membrane

SKU: **CSL-BRD-S1**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

## Buffer Solution 6 Fractions Conc. 4X – 250 MI

SKU: **CSL-B6F4X250**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

- Product Includes: CELLAS Tank and cables.

### Clearing Solution Ready To Use

SKU: **See Product Page**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

### Destain Solution Conc. 20X

SKU: **See Product Page**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

### **Hemoglobin Buffer Solution Conc. 10X – 50ml**

SKU: **CSL-HBB10X50**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### **Hemoglobin Control Solution – Abnormal (1ml)**

SKU: **CSL-HBC-A**

The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate

different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.

This unit has a 12 month limited warranty, for more information, consult our terms and conditions.

Product Includes: CELLAS Tank and cables.

### Lipoprotein Control Solution – 1ml

SKU: **CSL-LPC**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

### Lysing Solution Ready to Use – 25ml

SKU: **CSL-LS25**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

### **Mylar 5.7 x 10cm pk50**

**SKU: CSL-MYLAR**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

## Paper wicks 7.5 x 7cm, pk50

### SKU: CSL-WICKS

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

## Reagent Soaking Chamber For Supported Membrane

### SKU: CSL-VR-S1

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

## Serum Protein Buffer Solution Conc. 10X – 100ml

SKU: **CSL-SPB10X100**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

## Serum Protein Control Solution Abnormal Vial (2ml)

SKU: **CSL-SPC-A**

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cellas electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cellas tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.

## Serum Protein Control Solution Normal

SKU: See Product Page

- The ideal tank for standard membrane and gel cellulose acetate techniques, the Mini Cella electrophoresis system is designed and built to our high quality standard to address both routine clinical and research requirements. Two adjustable supports, which can be positioned anywhere within the tank, readily accommodate different lengths of dry cellulose acetate membrane. The Mini tank offers the benefits of of full size Cella tank in a space saving package.
- This unit has a 12 month limited warranty, for more information, consult our terms and conditions.
- Product Includes: CELLAS Tank and cables.
